

Important Information for Fall Hamilton Students at Cottage Cove

Due to Fall Hamilton Enhanced Option School's adoption of expanded hours for the 2008-2009 school year, Cottage Cove has likewise implemented changes which will impact all students coming from this school.

#1. Cottage Cove will be capping the number of students that will be eligible for our program from Fall Hamilton (as a % of our total attendance). This will enable more students from other schools to participate, as we will be able to have our volunteers and staff engaged with them from an earlier time.

#2. All Fall Hamilton students at Cottage Cove will be participating until 5:30 pm (unlike pickup for other students which will begin, as usual, at 5:00 pm). Walkers will be dismissed immediately following and parental pickup will occur between 5:30-5:50 pm. This will allow your child sufficient time to participate in enough program to be beneficial, specifically including homework help -- which will be from 5:00 - 5:30 pm for those students, following other activities including Bible Study.

It is extremely important that you have confirmed your child's participation in our program long before summer ends, and your agreement to the new dismissal/pickup time from Cottage Cove for your Fall Hamilton student. In order to facilitate optimum usage of our program and volunteers we will be implementing changes, including bringing in new students, throughout the summer. Without confirmation of planned attendance and acceptance of the pickup time changes, previous attendance is not a guarantee of continued participation.

If you have multiple children in our program, with one at Fall Hamilton and another elsewhere, both will be dismissed from Cottage Cove at the same later time. Please speak with staff or phone with any questions. Thanks for understanding!
