

# CHRISTMAS WITH DIGNITY 2023

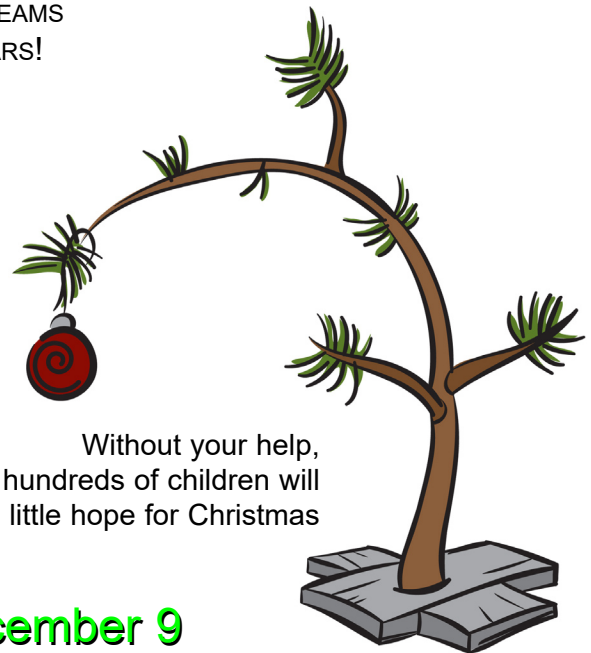

MAKING CHRISTMAS DREAMS  
POSSIBLE FOR 26 YEARS!

Every Christmas, many wonderful and compassionate people give toys or clothing to less fortunate children. Cottage Cove realized that, although appreciated, it left parents with nothing to give their children on Christmas morning. Similarly, many giveaways provide a single item, or two, when the need is more than a simple toy.

To solve this dilemma for parents of children attending our programs and other needy families in our Nashville neighborhoods, in 1998, Cottage Cove created Christmas with Dignity (CWD). In a store setting, we supply everything necessary to have a great Christmas. The store features new donated items, including stocking-stuffers, hygiene items, winter coats, toys, electronics, and scooters.

Parents then purchase these items at a fraction of their original price, the minimal cost enabling them to say, "I bought this for my child!" We reinvest the little they paid into our children's programs, including CWD (which we gather supplies for throughout the year). Our volunteers complete the store with free gift-wrapping.

CWD has been remarkably successful! Parents regularly express gratefulness for enabling them to be "Santa Claus" to their children, often for the first time. Please consider joining us this year in helping struggling parents provide their children with a blessed Christmas morning.

Without your help,  
hundreds of children will  
have little hope for Christmas
