Awesome Value!

\$25.00 – Registration/application fee.*
\$142.50 - total accommodations for the week (based on 4 persons per room)**
\$295.00 - per person for meals, program, curriculum, etc.***

\$462.50 - per person

How this rate is calculated: \$570 (\$95 x 6 nights) is the total accommodation rate for 4 persons in a room. Divide the \$570 by 4, getting \$142.50. Then, add the \$142.50 (individual accommodation) to the additional per-person cost of \$25.00 (registration) + \$295.00 (balance).

Have Questions, Special Needs, Unique Durations, or Other Concerns?

Contact us directly for any questions regarding rates, unique circumstances, and needs, or to make special arrangements for trips of non-standard duration.

* All application fees and booking deposits are non-refundable and non-transferable.

** The accommodation portion is payable directly to the hotel. This is state tax-exempt under Cottage Cove's exemption. There's currently a small Davidson County accommodations tax, which isn't covered by our exemption and is also payable to the hotel (please inquire with the hotel for the current rate). Your group must confirm reservations directly with the hotel. Hotel costs have skyrocketed in Nashville over the past few years, but we have an incredibly reduced rate! This rate can vary based on the time of the year.

*** The balance of this non-accommodation portion of your registration is your final payment to Cottage Cove Urban Ministries.
